WOULD YOU LIKE TO BECOME A VOLUNTEER?

We have been running as a community library since the end of June. The library is totally managed and led by volunteers. We are getting to know how everything works, and we know that people in the village are pleased that the library is still going.

We have a great group of volunteers, but we are always happy to take on more. You will be trained on the computer system and everything else that happens in the library. You will always be with other volunteers on a shift, never on your own.

If you are interested in finding out more, please read the attached which gives you an idea about what being a Library Volunteer means. Then complete this form, so we can get in touch with you to find out more about you.
